

# IAM & AW District Lodge 190

## The Key to a Strong Union is ORGANIZING – and you can help keep District 190 strong!

Do you know people who work in your industry but don't have a union? Often non-union workers have the same wages as union employees – but that's all they have. Talk to people in non-union shops about the benefits of having a contract, a grievance procedure, a pension and good union benefits. If they're interested, ask if one of our organizers can call them. (Remind them that the call will be completely confidential.) Here's a contact form for you to complete and send to District 190.
